

ShibataFenderTeam is the leading global fender manufacturer, headquartered in Germany, with regional offices in the US, Malaysia, Spain and The Netherlands, and a production facility in Germany. We are a specialist for customized fender solutions protecting vessels, port infrastructure and people. A strong focus lies on in-house engineering and manufacturing to offer high quality products at competitive prices. With the full range of marine rubber and foam fender products, we are a key player in the industry. After many years of experience we have gained a reputation as a dependable partner in the international maritime world.

In our office in Valencia, Spain, we are looking for a proactive

DESIGN / STRUCTURAL ENGINEER (Start immediately)

YOUR RESPONSIBILITIES

- ▶ Design and draft fender systems and other port equipment
- ▶ Calculate simple and complex structures for the various fender systems
- ▶ Check and design fender system drawings and other special solutions
- ▶ Maintain close communication with the internal engineering team
- ▶ Prepare factory drawings of fender systems solutions and other port equipment
- ▶ Support the sales team sourcing solutions for customers and resolving technical queries
- ▶ Translate design concepts and calculations into technical drawings
- ▶ Be responsible for database maintenance to ensure documents and drawings are up to date

OUR REQUIREMENTS

- ▶ Successfully completed Bachelor's or Master's degree in Mechanical Engineering, Civil Engineering, or Industrial Engineering
- ▶ Previous 3D CAD skills experience, preferably Solid Edge, SolidWorks or Inventor
- ▶ Technical knowledge and skills about structural analysis. Finite element analysis knowledge would be an advantage
- ▶ Fluent in English, other languages advantageous
- ▶ Open minded, pro-active, well self-organized, structured, team player
- ▶ Lateral entrants from other industries are very welcome
- ▶ Previous experience is not required, but always an asset

WE OFFER

- ▶ Competitive benefit package
- ▶ A strong team atmosphere in an international environment
- ▶ Internal training and education
- ▶ Growth opportunities within the organization
- ▶ Interesting tasks and changing daily routines
